EUROBOOR 18V BATTERY MAGNETIC DRILL KIT

[SBEBM.36/KIT-PROMO]

R.R.P \$3615.57+

Birthday Deal!
\$2940.00 + GST
(\$3381.00 incl GST)

+ BONUS OFFER!

Features:

- 12 - 36mm Cutter Capacity
- Weight 10.2kg
- Magnetic Force 650kg
- 1000w Motor Power

Unlimited mobility. Independent of a power-connection, the machine can be used at any location.

Compact design. Due to the sophisticated design, the drill fits easily into a backpack or a larger tool case.

Lightweight. Perfect for hard-to-reach places.

Powerful. The batteries and platform are designed to deliver maximum power and runtime.

Permanent magnet. Safer to use, longer lifetime, energy-efficient and suitable for thin materials.

Brushless Motor. Less friction, more efficient and less downtime.

Kit includes:

- 2 x 9.0Ah Batteries compatible with the Makita platform
- 1 x Charger

Powered by a high capacity, rechargeable battery, these magnetic drilling machines provide unparalleled convenience. Because the EBM series are compatible with the Makita platform, you can use the same battery on different cordless tools. This not only saves money, but also gives you the advantage to work on projects without interruptions.

The EBM.36/P-18V will easily drill holes into a wide range of materials, including steel, stainless steel and other metals. The powerful motor and advanced magnetic technology delivers impressive performance, precision, speed and accuracy making it ideal for various metalworking applications. With a maximum drill diameter of 36mm, it is suitable for all common metal drilling jobs.

ALPHA 10 PIECE SCREW EXTRACTOR & LEFT HAND DRILL SET SB9SECOL-SET10

R.R.P \$104.76+

Birthday Deal!

**\$65.00 + GST
(\$74.75 incl GST)**

Screw Extractors

- Sizes: #1, #2, #3, #4 & #5
- Reverse tapered flute for extra gripping power
- Spiral tapered flute for deep embedment which increases grip as the resistance increases
- Square end for use with tap wrench or spanner

For the removal of damaged screws, stud & bolts. Left hand drill bits remove fasteners or creates the pilot hole required for a screw extractor. SCREW EXTRACTORS are engineered to remove the toughest damaged fasteners after the preparation of a pilot hole. The opposite direction flute enables the broken fastener to be gripped and wound out of the hole.

Heavy Duty Left Hand Drills

- Sizes: 5/64", 7/64", 5/32", 1/4" & 19/64"
- 135° split point for extra gripping power
- Fully ground HSS Cobalt increases strength & drill life

For the removal of damaged screws, stud & bolts. Left hand drill bits remove fasteners or creates the pilot hole required for a screw extractor. If the LEFT HAND DRILL does not remove the fastener, the hole drilled becomes the preparation for a screw extractor. The opposite direction flute enables the broken fastener to be gripped and wound out of the hole. The opposite direction flute permits reverse drilling, which stops the fastener being driven tighter. Ensure drill is run in reverse

STERLING ULTIMAX PRO TAPE MEASURE

8M x 27mm - MAGNETIC EASYREAD

SBTMFXE8027

Sterling Ultimax Pro Easyread has been developed for optimised readability. The double-sided, white, printed blade features vertical measurement markings for ease of use and improved distance reading. These markings are quickly becoming a must-have amongst tradesmen.

- This tape measure utilises SuperBlade technology to achieve an extended standout. Perfect for long distance measuring, the Ultimax Pro can reach great lengths, while staying rigid.
- Double sided blade printing with nylon coating
- Clear metric millimetre markings
- High impact resistant ABS casing with non-slip grip
